SERVE TO CHANGE LIVES

Guest Speaker: Stephen Handrick - Fundraising and building partnerships

- Beyond Bank around for 60 years. Originally a credit union and converted to Mutual Bank. All profits go back into services or into community
- Started in Adelaide but now nationwide. Certified B Corp: the good business Certification, aim to improve. First Australian bank to be certified
- Part of role is to support communities through working with the community not for profit organisations such as Rotary
- Community Reward Program – gives over half a million to community organisations.
- Customer opens savings account or term deposit and nominates eligible organisation to receive bonus payment. Receive a couple of hundred up to \$2500 based on a formula
- Provide volunteers from staff to help with events.
- Beyond Bank Foundation focuses on aged Care, homeless, disasters

Rotary Information: Lynn Podolak

The DARE Foundation was introduced by Rotary to NZ some 20 years ago. Many Rotary Clubs throughout New Zealand have supported the Foundation, DARE activities and the local DARE Societies. A substantial success story DARE is the partnership with the NZ Police, Schools and the DARE Societies where Police Education Officers offer “skills for life” programs to Intermediate Schools in the classroom setting. The program “DARE to make a Choice” is very successful where schools see the benefit of inviting the Program to be delivered to many of their pupils.

While the emphasis in the past has been on drug awareness, the programs offered through the DARE brand now cover substantial life skills program for a wide range of young people as well as a program called “DARE to support your kids” aimed at families and care givers.

Two new program are currently being offered through community based facilitators. These are “DARE to be You” and “DARE to Move on” Both these program use bibliotherapy as the basis of the program – award winning author, Mandy Hager has written two novels – fictional stories about young people dealing with life’s choices and problems as they grow up – trained facilitators can work through the books chapter by chapter discussing the issues which arise and allowing the students themselves to reflect on the behaviour presented and how they may react in a similar manner. The stories are topical, exciting and identify and deal effectively with issues being faced regularly by young people.

There is a huge need in the regions for DARE Societies to be supported by the community in terms of skilled people on the local committees and funds to enable DARE coordinators to be employed. Our young people need the skills to respond appropriately to the environment into which they are heading. DARE can provide those skills with the help of Rotary and the business community
